

Setting Up Application Environment

Create Flask Project

Date	24 OCT 2022
Team ID	PNT2022TMID52453
Project Name	Containment Zone Alerting Application
Team Members	Nandhakumar M, Surendhar A , Manikandan S, Balaji V, Abarnasri S

Create Flask Project :

```
from flask import Flask #importing flask
```

```
app=Flask(__name__) #create constructor
```

```
@app.route('/hello')
```

```
def hello_world(): #func definition
```

```
    return "hello world welcome to CAD!"
```

```
if __name__ == '__main__':
```

```
    app.run(debug=True)
```
